Circles and Cycles all Around Us!

Today our scripture lesson talks about the “year of jubilee.” In the Hebrew Scriptures, every seven years the people freed slaves, forgave debts and focused on moving forward. What are times when you focus on moving forward? New Year’s Eve? The beginning of a school year? What do you do to mark new beginnings?

Our church calander is often shown as a circle. Can you find October? What stories are we telling? What season is next?

**HOW MANY CIRCLES DO YOU SEE?
(HINT-THEY ARE NOT ALL ORANGE.)**

Earth Keeping

Our children are encouraged in Sunday School to identify one good thing they do as an offering to God for the week.

Did you know that many animals burrow underground in leaf litter? Others spend the winter inside the stems of this year's flowers. When you are cleaning up your yard, you can be mindful of the animals who are already in thier winter habitats.
